September 27, 2021

Recently, many young children have been dropped off at school events without an adult present. To provide for student safety, Drumright Public Schools will require that students and children through the 8<sup>th</sup> grade be supervised by a parent or assigned guardian at all school events. High school students may attend events without adult supervision. Continued misbehavior may result in being asked to leave school sponsored events.

Please continue to attend the events and join in the fun! We just ask that children are supervised to prevent accidents and unnecessary problems.

Thank you,

Ashley Davis, Ph.D.

Superintendent

Drumright Public Schools
