March 13, 2020

Parents and Guardians,

Spring Break is here! Please make sure to take precautions during your break to prevent the spread of COVID-19. Proper hand washing is important!

During the break, the school buildings will be disinfected. We are planning to return to school March 23, 2020, but are continuing to monitor the situation. If we need to cancel school, we will communicate that cancellation and prepare to offer students options to continue their education. We have plans to create paper packets of curriculum, and provide video lessons through our website and youtube. The education of our students is important and best received in person. However, the health and safety of our students and staff will take priority if the Coronavirus spread forces our school district into closing.

There are many unanswered questions about absences, making up missed time, and state testing. I will continue to work with the Oklahoma State Department of Education to provide information as we receive it. Our priority is the health and safety of our school and community. We will work through the situation as it unfolds. This is unprecedented and there are no easy answers.

Enjoy the break and stay safe!

A handwritten signature in black ink that reads "Ashley Davis, Ph.D." The signature is fluid and cursive.

Ashley Davis, Ph.D.

Superintendent

Drumright Public Schools
